

## **Neurosurgery Locum**

Horizon Health Network, headquartered in Miramichi, is the largest health authority in Atlantic Canada. Horizon delivers quality patient focused health care in both official languages to residents in New Brunswick, Prince Edward Island and northern Nova Scotia. Horizon Health Network encompasses the following areas: Fredericton, Miramichi, Moncton, Upper River Valley, and Saint John.

Based at the Saint John Regional Hospital, the successful candidate will join the Department of Neurosurgery which consists of four neurosurgeons who participate in a collegial call group.

The Saint John Regional Hospital is a 529 bed teaching hospital affiliated with Dalhousie University with resident trainees in many disciplines. In the Fall of 2010, the Dalhousie New Brunswick Medical Education Program will be based on the adjacent property to the Saint John Regional Hospital at the University of New Brunswick, Saint John campus.

Situated on the picturesque Bay of Fundy, Saint John offers numerous social and cultural facilities as well as numerous recreational opportunities. Being the only official bilingual province, there is access to both English and French school systems. The Saint John campus of the University of New Brunswick is adjacent to the Saint John Regional Hospital and offers a wide variety of undergraduate and postgraduate programs.

Applicants must be eligible for licensure in New Brunswick and hold specialty certification in Neurosurgery from the Royal College of Physicians and Surgeons of Canada. The successful candidate will be required to participate in the teaching program of medical students and neurosurgery residents and participate in the neurosurgery call schedule.
